Speech Restored. For five years I suffered with pain and dis-charge of the throat, backing cough, frontal headacho, weak eyes, &c., at times, could not talk above a whisper lost weight continually, and not able to work. I was treated by the best physicians in the county, but received no relief. After giving up all hopes I was recom-mended to use a bottle of Mayers' Magnetic Catarrh Cure. After using it for four weeks my speech returned. All symptoms of Catarrh have disappeared and "I feel like a different person."

EX-SENATOR THOMAS C. PLATT

Chosen by the Court as Temporary Receiver of the Company-President Me-Lead Intimates That the Receiver Will Not Continue in Control.

NEW YORK, Dec. 28.-The New Eng-

Land railroad, after a very troublesome career, has passed into the hands of a re-

Ceiver. The application was made to Judge Wallace in the United States court at Albany. The court appointed ex Sen-ator Thomas C. Platt as temporary rereiver. Mr. Platt is one of the directors of the company.
The appointment caused virtually no surprise, as it was well known that defin-te steps looking to such a result had just been taken. It is said that a conference was had at the Fifth Avenue hotel Tues day night, and that at a late hour the determination was reached to ask for a receiver. The conferees, it is claimed, were Thomas C. Platt and F. H. Prince, directors of the New England company; A. B. Boardman and Frank H. Platt, of

the securities of the company. Thomas C. Platt, when questioned about this report, referred the inquirer to the of-ficers of the New England company for all information. Mr. Platt admitted, however, that there was some truth is the

the law firm of Tracey, Platt & Board-man, and some capitalists interested in

story referred to. One of the capitalists who attended the conference at the Fifth Avenue hotel was more frank than Mr. Platt. He said that as a matter of fact the alleged conference was really a little meeting of the commit-tee appointed some time ago to raise the money required by the company to pay the interest due on Jan. 1. The sum of \$200,000 was required for that purpose, and the committee had been unable to secure it. The responses to the applica-tion of the committee had been very slow. Under the circumstances, therefore, was necessary that an application should be made for a receiver for the road, did not follow, however, that the applie tion would be inimical to the interests represented by Mr. McLeod, although it

was not believed that Mr. McLeed nov

A meeting of the stockholders of the A meeting of the stockholders of the New England company was held yester-day afternoon to vote on the question of ratifying the lease to the New England Rallroad company of the New York, New England and Northern rallroad. President McLeod was present and made a statement explaining what head bear a statement, explaining what had been done since his connection with the road as its president. The voting on the question of the lease will be continued this afternoon, when it is expected that sufficient votes will be received to ratify.

It was while the voting was going on

that the announcement was made that Mr. Platt had been appointed receiver.
Mr. McLeod took the appointment of a receiver good humoredly, apparently. When told that a representative of the petitioners for a receiver had said that no allegations had been made against his management, but that the appointment had been asked for solely on the ground that the read was insolvent, Mr. McLeod

Then if is very strange that the netitioners did not notify me of what they extracted were going to do. You can put it down that the application for a receiver was infimical to me. We shall see, however, whether the road will continue in the pos-
